

MATTHEW DUBBRIN

Orlando, FL | mdubbrin@gmail.com | linkedin.com/in/matthew-dubbrin/

TECHNICAL SKILLS: C, SQL, Linux, Networking, Firewalls, IoT Security, System Hardening, and IDS/IPS

SOFT SKILLS: Teamwork, Critical Thinking, Effective Communication, and Attention to Detail

EDUCATION

University of Central Florida - Orlando, FL

Expected Graduation: May 2029

Bachelor of Science in Information Technology | Secure Computing and Networking Minor

GPA: 4.00

Relevant Coursework: Programming in C, Database Concepts, and Technical Presentations and Writing

Palm Beach Central High School - Wellington, FL

Diploma: May 2025

CyberPatriot Team Captain, AICE Diploma (w/ merit), Cybersecurity Academy

EXPERIENCE

IoT Security Research (Fall 2025 - Present)

Independent – Orlando, FL

- Conduct ongoing vulnerability research on BLE/Wi-Fi IoT systems, including analysis, proof-of-concept exploitation, and responsible disclosure
- Identified and reported CVE-2026-81330, CVE-2026-82563, CVE-2026-81640, and CVE-2026-77974

UCF Collegiate Cybersecurity Competition (C3) Team (Fall 2025 - Present)

hack@UCF – Orlando, FL

- Participate in defensive competition scenarios simulating real-world incidents to secure and harden enterprise networks
- Apply networking, firewall, IDS/IPS, and system-hardening techniques in team-based environments
 - Alternate for WCCDC Invitational (Fall 2025 and Spring 2026)
 - Competed in ISEAGE International Cyber Defense Competition (Spring 2026)
 - Competed in NCAE Cyber Games (Spring 2026) | Nominated as "Most Improved Teammate"
 - Competed in University at Buffalo Lockdown Defensive Security Competition, earning 3rd place (Spring 2026)

Member of hack@UCF (Fall 2025 - Present)

hack@UCF – Orlando, FL

- Learn various defensive techniques such as user management, network security, firewalls, and Linux basics from workshops and compete in the Horse Plinko Cyber Challenge (Fall 2025)

Network Infrastructure Summer Intern (June 2024 - August 2024)

School District of Palm Beach County – West Palm Beach, FL

- Repaired and replaced broken network infrastructure (wireless access points, VoIP devices, network switches, phone lines, etc.), configured network devices, installed new infrastructure, and managed inventory
- Collaborated diligently with a team to maintain an operational network in the 10th-largest public school district in the nation

CERTIFICATIONS

- Cisco Certified Support Technician - Cybersecurity - Cisco (November 2024)
- Network Security Certification - IT Specialist (November 2023)
